

How to Prepare for the Perplexity Workshop

1. Bring Your Laptop

You will need your laptop to follow the live demo and complete small practice exercises.

2. Create a Free Perplexity Account

Visit perplexity.ai and create a free account before the session. If you prefer, you can sign up at the start.

3. Bring a Paper or PDF You Are Working On

If you have a research paper, report, or dataset summary you want to explore, bring it with you.

4. Test Your Internet Connection

Make sure your device can connect to Eduroam or the local Wi-Fi at OCW 017.

5. Optional: Prepare a Research Question

Think of one topic you're curious about. It can be for a paper, project, or general interest. We will use these to practise follow-up questioning.

6. Session Format
The workshop will last 30 minutes and includes a short demo, guided exercises, and time to ask questions.

7. Contact

If you plan to attend, please let the organiser know so we can estimate numbers.
